STOPit's platform is essential to every school system. Our award-winning technology mitigates and deters inappropriate conduct, providing safety awareness and organizational transparency. We offer frictionless and paperless reporting combined with real-time notification and messaging, enabling real-time awareness for school districts.

Our Solution includes:

STOPit Mobile & Web App Incident Reporting

Simple, fast, and powerful anonymous reporting via mobile and web apps. Reports can include pictures, video and specific report details requested by your schools. The built-in STOPit Messenger allows for real-time, two-way dialogue between administrators and students to make follow up easy.

STOPit Anonymous Reporting Hotline

Our hotline is staffed 24/7/365 by certified agents fluent in multiple languages. Designed for students who may be more comfortable reporting issues through the phone. Our certified agents answer calls, and in the event of an urgent issue, contact emergency contacts and/or emergency services in your district.

STOPit Incident Monitoring Service (IMS)

Your safety and security backup team. Designed to review and filter incoming incident reports in real time, this 24/7/365 service identifies emergencies and escalates to your pre-defined contacts or first responders.

STOPit Mental Health Resources – SEL Center (Addt'l. Fee)

Professionally developed content and best practice resources on Mental Health and Social Emotional Learning (SEL) available directly within STOPit Admin. This how-to content helps administrators diagnose and manage issues effectively. Share resources with students using STOPit Messenger.

STOPit Admin

Your comprehensive incident management system. Two-way communication via STOPit Messenger makes it simple to request more information from reporters and provide immediate assistance. Built-in Reports provides actionable data, including time and date stamped audit trail of all investigative activity.
