The Asurint Advantage

AUTOMATION START TO HIRE

NIMBLE TECH FOR A CHANGING WORLD

Make your hiring decisions with peace of mind knowing you're ready for what's ahead. Our end-to-end compliance engine is built to keep your hiring process on track, with tools that always reflect the newest federal laws, state regulations, and local mandates to help you minimize risk and mitigate costly penalties.

SUPPORT THAT TREATS YOU LIKE A PARTNER

We offer three dynamic channels to contact our Screen Team, as well as on-demand educational tools and access to industry thought-leaders. And, as always, our industry-leading subject matter experts and background search assistance are at your fingertips.

INTEGRATIONS TO GET YOU OUT OF THE GATE

Our deep library of integrations allows you to keep your existing workflows within your ATS or HRIS. Including out-of-the-box deploys, rapid on-boarding, and comprehensive training. Because the more intuitive the background screen, the more ambitious your hiring objectives can be.
